RAPELLING DOWN A DRY GORGE

Repelling is a sport in which one descends vertically along the side of a cliff attached to a series of cords and harnesses. This activity is a descent down the gorge Moluengo, which runs along the “Knives of Cabriel.” The course of the river has carved a beautiful crevice in the earth that makes this a perfect spot to repel. First we embark on a 40 minute trek following the path that brings us to the layer of the gorge where we can begin our first repel. The natural scenery is one of the prime attractions of this activity.

After trekking we complete 4 repels, each increasing in height from the previous. The first is 14 meters, the second 18m, and the third and fourth repel are each 32 meters. It is important to be equipped with adequate gear and accompanied by qualified guides, however every type of person can participate in this activity.

PAINTBALL

Paintball is an outdoor sport which has become increasingly more popular in the last two years, to the point where it is being considered to be included in the upcoming Olympics. Paintball is ranked just below golf in risk level, and thus is not tough or dangerous.

Description:

Paintball is an open air game of strategy where you have an automatic rifle with paint-filled bullets and the objective is to stealthily approach your opponents.

For this activity you are completely equipped with appropriate safety gear so that it is purely fun and bears no risk. The paintballs are biodegradable; the paint is water-based and the shell is made of gelatin. The paint doesn't stain and is easily washed out with water. You can infinitely combine the variables of this game: elimination of opponent, conquest of the hill, occupation of the opposing team's fort, capture the flag, etc. Get your shot of adrenaline!

Provided Equipment: automatic paintball gun, protection mask with a thermal pane, jumpsuit, and paintballs.

Price: 25€ (basic pack which includes: all equipment with 100 paintballs and the private paintball camp for 2 hours. Each additional refill of 100 paintballs is 5€.

Escape Room Game in an authentic hamlet of the year 1.900

**The common goal will never be so shared by everyone!
Everyone will be necessary to escape.**

The mechanics of escapism games are very simple, we are locked in a certain space (in this case in a hamlet-winery) and we must be able to leave. What is not so simple is to open the doors that leave us free. To do this we must test all our skills, ingenuity and especially work in teams.

The game is specially developed to work the basic mechanisms of a team; good communication, distribution of tasks, roles, lateral thinking, coordination, etc.

Our awesome location (winery hamlet from 1.900) gives the game a realism that makes it an unforgettable experience.

We will also have the opportunity to visit the rest of the hamlet and its wineries where we will taste an excellent wine to celebrate our victory.

Price: from 25 €/per. Includes Wine Tasting + Winery Visit

Duration: Half Day

Location: 50 minutes from Valencia
